A NOTE FROM THE PASTOR

During the summer you encounter a lot of reruns on television. In the spirit of the summer reruns, this column is a rerun from last week. I will rerun it during August because many people are away. Someone told me that the first two weeks of August are the most popular vacation times. I thought it was around the fourth of July.

As you may have read in the newspaper or heard on television, Cardinal Sean has raised the retirement age for priests in Boston from 70 to 75. It did not come as a total surprise. All you had to do was the math. By that I mean he has to cover 292 parishes plus other ministries such as hospital chaplains, college chaplains, etc. He does not have enough priests to cover those. So from a human resource perspective, I knew something had to give. Secondly, it benefits the Clergy Benefit Trust. He will not be paying out a retirement stipend for an additional five years and at the same time the parish or institution where the priest is assigned will be paying into the trust. This is just another temporary stop gap measure. The Church needs to develop a long term strategy to deal with the clergy shortage issue. Prayer alone is not the solution.

The religious education is in need of teachers and aides. The needs are listed elsewhere in the bulletin.

As part of the celebration of the Year of the Priest, the Archdiocese is having a priest appreciation dinner at the Seaport Hotel in Boston on September 16. The tables are

\$5,000.00 each. Since there are 10 people at a table, tickets are \$500.00. They would like each parish to sponsor a table. If anyone is interested in purchasing a ticket, please call the rectory. All proceeds will benefit the Clergy Benefit Trust.

Over the past several weeks I have been writing about a new proposed model for the financial relationship between the parishes of the Archdiocese of Boston and central ministries. The goal of the model is to streamline the relationship, make it more transparent and fairer. What is the current relationship? Currently each parish has a Catholic Appeal target. There are no consequences if you do not reach the target... Each parish also pays a school tax (6% of offertory and monthly), a hospital tax (2.5% of offertory and monthly), Cathedraticum (1-2% of offertory and monthly), 50% of the Communication collection and various fees (audit, real estate, etc.). They want to simplify this approach.

The new proposed model will consist of a parish tithe and a Catholic Appeal assessment. The parish tithe will be 10% of offertory (including the monthly), the Grand Annual collection and net rental income. Net rental income is generated when a parish leases a building or parking lot to an outside entity. We do not have any net rental income. The parish tithe replaces all current taxes and fees. Each parish will have a Catholic Appeal assessment. The assessment will be 7-8% of offertory (including the monthly), the Grand Annual collection and net rental income. The difference between the current goal for the Catholic Appeal and an assessment for the Catholic Appeal is that an assessment requires us to pay the assessment even if the money collected for the Catholic Appeal does not equal the assessment. Any shortage would have to come out of the parish operating revenue. Let's assume that this year's goal is an assessment. Our assessment is \$29,500.00. Thus far we collected \$27,297.00. Under the new model, I would have to write a check from the parish to cover the \$2,203.00 shortfall. Under the new model the Catholic Appeal assessment will be much greater than the current goal of \$29,500.00 because the assessment will be 7-8% of offertory (including the monthly), the Grand Annual collection and net rental income.

Under the new model, more money will be going out of the parish than under the old model. Since we are not running a huge surplus, more money going out of the parish means one of two things. Either we make cuts here at the parish in order to meet our obligation to the diocese or we increase our revenue to meet our obligation to the diocese.

In the coming weeks, I will present a comparison between the old model and the new model from a dollars and cents perspective.

In fairness to the Archdiocese of Boston, this is the model that I was familiar with when I was stationed in New Jersey. I would venture that most dioceses use this model. Since they have not used it in Boston, it may seem to be draconian to some. I will continue to keep you informed.

Finally, the latest update from the Catholic Appeal's office states that 216 parishioners have pledged \$27,667.00 towards our goal of \$29,500.00. Thanks to all who gave. If you would like to give, it's not too late to give!!

Well I guess that is it for now. Until next time, take care and pray for some sun (the orange ball that used to be up in the sky.) Fr. Earley

OUR LADY'S MONTHLY MESSAGE July 25, 2009

“Dear children! May this time be a time of prayer for you. Thank you for having responded to my call “

Meditation of the Heart

By Carolyn M. Kenney

At the end of this week, the Church celebrates the Assumption of the Blessed Virgin Mary. According to the Catholic Church, the Blessed Mother was assumed into heaven at the end of her earthly life. She had given birth to Jesus, the Son of God. Therefore, it is apparent God would not allow her body to undergo corruption.

The Blessed Mother was like us in all things, except sin. As she stood at the foot of the cross and watched Jesus suffer and die, imagine the pain and agony she experienced in her heart and soul. Think of the tears she shed as Jesus was mocked, crowned with thorns and was nailed to the cross. She must have wanted to die with Him. The Blessed Mother now lives forever with Jesus. She is our heavenly mother. Pray to her that she may help you in your daily life and that she will lead you closer to Jesus.
